Work has begun on a new shopping center area here, Buffalo Plaza.

Buildings filling up as new businesses open

Apparently unaffected by a national economic slump, Canyon is booming with new businesses and rejuvenated old businesses to meet the demands of an ever-increasing population.

While in some smaller cities in Texas the trend is toward a vacant and lifeless business area, Canyon's primary problem right now, according to officials, is a lack of space to meet the demands of potential business investors.

Since the first of the year, a half dozen new businesses have taken up residence in the city, primarily on the square in downtown Canyon.

Construction is underway to provide space for even more new businesses.

And, other businessmen have chosen sites in Canyon with plans to open their doors soon.

Chamber of Commerce Manager Roland Black said he has received a large number of calls recently from various out-of-town businessmen interested in locating in Canyon.

"Availability of buildings is the problem," he said. "There are only two buildings vacant up around the square and I don't know whether they're available."

To answer the need for more building space for business growth, Taylor-Foster Development Co. is constructing the first unit of a planned shopping center area on 23rd Street south of Palo Duro Shopping Center.

Tentatively designated Buffalo Plaza, the first unit will have space to house six or seven businesses, according to Jim Christopher, leasing agent for the project.

Christopher said the building, which is to be completed within about 45 days, will be constructed only as a shell with leasees offered the opportunity to rent as much floor space as needed for finishing.

He said plans call for the shopping center to be expanded as the need arises.

An upsurge in new business arrivals here has eliminated most of the available business space in the city.

During recent months, several new ventures have opened doors here.

Imperial Savings and Loan has opened a branch office on the square in a remodeled building.

Another new business, Lane's TV and Appliance has opened in the old Jennings Men's Shop building on the east side of the square.

Lowry Plumbing opened its doors recently a block east of the square.

The Fabric Boutique is now open for business across from Buffalo Bookstore on 4th Avenue near the West Texas State University campus.

Canyon Chiropractic Clinic has opened just west of First National Bank in the Canyon Professional Building.

The Jewelry Store has located on the north side of the square.

Two new fashion shops have scheduled openings in the near future in the square area. They are Linde's Fashions, which will be in the old Jennings Dress Shop building, and Tina's Fashions which will be east of Buffalo Barbers.

One of Canyon's first industries is making a comeback after a major fire heavily damaged the firm's older building six months ago.

Bud Fassauer of Fassauer Industries reported recently he is rebuilding and says when he's finished his Canyon-based firm will be even larger than before.

Fassauer, who watched

Fulgenzi represents third of county

Need for precinct redistricting is cited

Randall County Commissioner John Fulgenzi of Amarillo called for a general redistricting of the county commissioner precincts here this week as he learned he represents more than a third of the county's registered voters.

Figures released by Randall County Clerk LeRoy Hutton indicate Fulgenzi's south Amarillo precinct contains just over 10,000 registered voters or about 34.3 per cent of the 29,222 voters registered in the county.

"The county will have to redistricted," said Fulgenzi, who ran for re-election last November against a Democratic opponent. "But, I don't know when."

The redistricting, which would realign the four county commissioner precincts to reflect an even population or registered voter population, should come soon, though, he said, and before he must stand again for re-election.

Even by this time next year, Fulgenzi said, "there's no telling what this precinct will look like."

Fulgenzi's precinct, which includes southwest Amarillo and portions of rural farmland to the southwest of that city, is the growth precinct of the county, he said.

Redistricting must come, he said, because of the one-man, one-vote principle established in recent Supreme Court cases.

Fulgenzi said the fact that he represents a third of the county's voters works to weaken the voice of each individual voter in his precinct.

Figures released by Hutton, figures he will use in deciding how many ballots to order for the November special constitutional amendment election, indicate Commission Paul Lindsey of Canyon has the smallest precinct in the county in terms of registered voters.

While Fulgenzi has 10,044 voters or 34 percent of the voters in the county, Lindsey, who represents Canyon and the bulk of the rural area of the county, has 6041 registered voters or about 20.6 per cent of the total number of registered voters.

Commissioner Dee Griffin, who represents a precinct wholly inside the Amarillo city limits, has 6101 voters or about 20.8 per cent of the total number of registered voters in the county.

Commissioner Jim Fletcher, who represents the Lake Tanglewood and South Amarillo area, has 7036 registered voters or about 24 per cent of the total.

Since 1968, the last time the county commissioner precincts were redistricted, Fulgenzi's precinct has shown the greatest growth rate. Fulgenzi's precinct has grown from 6157 voters in 1968 to 10,044 voters in 1975. Lindsey's precinct has grown from 4259 voters in 1968 to 6041 now. Fletcher's precinct has grown from 6356 voters in 1968 to 7036 now, and Griffin's precinct has grown from 5863 voters in 1968 to 6101 now.

Fulgenzi in effect received 60 per cent of the increase in voters from 1968 to 1975. A total of 6587 voters have been added to the registration lists since 1968 when 22,635 persons were registered.

Randall County commissioner precincts were first redistricted in the late 1950s, when one Amarillo commissioner represented the entirety of the city of Amarillo in the county. Other commissioners had numerically far fewer voters.

At the time, the county was split into new commission precincts with each commissioner taking a portion of Canyon and Amarillo.

Then, in Dec. 1968, commissioners passed a controversial resolution calling for another redistricting effort. Commissioners B.R. Jones and Bill Butler, both from Amarillo, were joined by County Judge Carroll Brown, also an Amarilloan, in an affirmative vote on the resolution while Clarence Beckman and Glen Dowlen, both

Athletic budgets cut, salaries hiked at WTSU

The budgets for West Texas State University's two major athletic programs — football and basketball — were cut by almost $35,000 for this year, according to budget figures on file in the university library.

Travel expenses, supplies and scholarship funds were cut by about $20,000 in the Buffalo football program for the year, the figures indicate.

A cut of about $13,000 will be experienced by the Buffalo basketball team for the year, according to the budget.

The departmental budget for football at the university was cut from a 1974-75 level of $318,061 to a current level of $297,858.

While those salaries which are paid from the football department were hiked by $2000 for the year, travel expenses were cut from $101,750 in 1974-75 to $97,000 in 1975-76. Scholarship funds were cut from $138,750 to $123,840.

The basketball departmental budget was cut from $121,604 to $108,926 for the current year. Cuts in the travel budget were from $46,880 to $39,900 and the supply budget was cut from $57,950 to $53,061. Scholarship funds were likewise cut from $30,000 to $25,800.

Other athletic department budgets were increased for the year, according to the budget figures.

The track budget was hiked for the year from $7779 to $10,440 with scholarship funds to remain the same as last year.

The golf budget was hiked from $6012 to $6708 with scholarship expenditures to remain static.

Tennis budget was raised only slightly from $6620 to $6860 with a scholarship fund hike of about $300.

Women's athletics is budgeted $23,750, about $450 above the 1974-75 budget level of $23,300.

Athletic administration is budgeted $88,305, up from $51,367 budgeted in 1974-75.

The budget filed in the library indicates the bulk of WTSU foot-

(See BUDGETS, Page 5)

Enrollment up at university

West Texas State University showed an increase in both headcount enrollment and enrollment for funding purposes this fall, according to Dr. Don Cates, registrar.

The official 12th class day report issued Tuesday afternoon showed a headcount enrollment for the fall term of 6701, an increase of 56 students over the fall term in 1974 when 6645 students were enrolled.

The increase was all male as the female student population remained stable at 3179 for the term. Male enrollment was up from 3466 in 1974 to 3524 this year.

Cates said the university was also up 56 full-time student equivalents. The FTSE is the figure eyed by state officials when they figure the university's funding formula for coming years. Last fall, the FTSE number was down from the 1973 fall figure.

The registrar said the figures indicate the university added full- rather than part-time students for the term.

The bulk of the students attending WTSU this year are over the age of 31, according to the figures. This year 1007 persons over the age of 31 are enrolled,

(See UNIVERSITY, Page 5)

Phone rebates due for locals

Randall county residents who made long distance phone calls during a 19-day period last summer are due some money back from Southwestern Bell Telephone Co.

But, warns Mike Patrick, local manager, callers may also be charged for other kinds of calls made during the period.

A complicated set of circumstances has led to the cost adjustment problem for the phone company.

Patrick explained that new rates for intra-state long-distance phone service were scheduled by the company to go into effect March 1. But, Atty. Gen. John Hill effectively blocked the rate increase through the courts.

An intermediate court, though, ruled that the new rates could go into effect and the phone company established the rate schedule on May 15.

Hill then took the case to the Texas Supreme Court, which ruled that the rates could not go into effect and on June 4 the rates were readjusted to the previous level, Patrick said.

Residents who made long-distance calls during the period of from May 15 to June 4, therefore, may be eligible for a rebate on the price hike they paid on bills for that period to the phone company, he said.

But, they may also be due to ante up more than they paid on their bill, because some rates were also lowered in the new rate package

(See PHONE, Page 5)

The Canyon Eagle defense, which has proven itself in two season assaults so far this fall, will get a rugged test this weekend against Caprock's Longhorns as the Eagles come home to Kimbrough Stadium for the home opener. Joe Luquette, 34, goes down low for a diving tackle last weekend to bring down a Borger Bulldog. The Bulldogs and Eagles fought to a 0-0 tie.

Kelly Forehand, injured critically in a 1974 Eagle-Caprock game, will receive a $5000 check for educational expenses at Friday night's home outing between the two teams here. The check is from the National Football League Charities. See story inside.

New law okays Hampton policy

City Judge Harris Hampton, who for more than a year has been making special dispensations for first-offender drivers, said this week he will continue his program under a new state law. Justice of the Peace W.A. Wilson said he will not participate.

Hampton learned this week Texas legislators during their spring term legalized a procedure he'd informally adopted here in handling young drivers with their first traffic citations.

More than a year ago, Hampton began allowing young first offenders to opt for attendance and completion of a driver education course as opposed to paying a fine.

"Mostly the reason I've done it is because the kid gets the ticket but his dad's insurance goes up $100," Hampton said.

Legislators institutionalized the Hampton idea through passage of House Bill 1907.

The bill holds that when a person is charged with a misdemeanor traffic offense the court may, in its discretion, defer proceedings and allow the person 90 days to present evidence that he has successfully completed a defensive driving course or other driving safety course approved by the court.

When the person complies with the provision, the court may dismiss the charge against him and when a charge is dismissed the charge cannot go on the person's driving record.

Hampton said he will continue his policy of allowing first

COVERING FUMBLES

by Dean Mitch Jones

He was trying to talk on the subject of drug abuse, but he mentioned marijuana and lost the attention of the young in his audience — then he mentioned alcohol and lost the older ones.

Third graders take time out to enjoy just reading

The pleasures of reading are being introduced to a television-oriented third grade class at Rex Reeves Elementary School as their pioneering teacher puts into practice a district-wide commitment to reading emphasis this year.

Mrs. Ann Read, a veteran of the classroom, has allocated about 15 minutes of her students' time each day for them to enjoy the reading just for the fun of it.

Mrs. Read, in her ninth year as a Canyon teacher, is among the first in the school system to take a formal step toward reading emphasis under a new Right to Read program instituted here as the term began earlier this month.

The program, which as Elementary Curriculum Director Vondeen McGregor explains it is more a formal commitment to reading emphasis than an actual stylized program, requires that reading be given a

Personal Counseling Services Available To Campus Students

"I've got to have somebody to talk to. Does anybody care?" These are typical feelings expressed by students on college and university campuses all over America today, according to Dr. Robert C. Barnes, director of the new University Mental Health Center at West Texas State University.

The administration at West Texas State does care, and through the work of vice-president T. Paige Carruth, and Saundra Meek, Associate Dean of Student Life, along with other administrators, a new service has been added to help students with their emotional adjustments and personal problems.

Counseling is available at the new Mental Health Center on campus for a wide range of needs, from simple homesickness to the crisis situations involving suicide attempts. Often students bring unresolved problems from their past, or conflicts with parents or peers to campus with them.

Depression is a frequent difficulty experienced by many young adults, as well as anxiety over sexual adjustments, career choices, or involvement with drugs and alcohol.

The students at West Texas are fortunate to have a competent staff of counselors and psychologists in whom they can confide, and from whom they can seek professional guidance.

Presently the University Mental Health Center is housed in temporary offices in Stafford Hall while facilities are being renovated for their permanent use.

Dr. Barnes came to West Texas State University as director of the center. He was a consulting psychologist for the public schools as well as being on the graduate faculty of North Georgia College before accepting the appointment here.

Working with the new director are Mrs. Amy Walling, Miss Lorraine Marchant, Jim D. Pond, and William Kracke, M.D.

Mrs. Walling was formerly with the Amarillo Public schools and is presently pursuing her doctoral degree.

Jim Pond was formerly on the staff of the Testing and Counseling Center at West Texas State. A psychological associate, Mr. Pond has been a counselor to the student body for seven years.

Dr. Kracke is in private psychiatric practice in Amarillo, and has a part-time relationship with the University Mental Health Center.

Miss Marchant is working as a graduate assistant, and is completing work on her master's degree in counseling.

The secretary-receptionist for the center is Mrs. Sara Houlette, an alumna of West Texas State.

Appointments with members of the counseling staff can be made by calling Mrs. Houlette at 656-2181, between 8:00 a.m. and 5:00 p.m., Monday through Friday.

Dr. Robert C. Barnes, seated, directs the new University Mental Health Center on campus with assistance from left, by Jim Pond, Lorraine Marchant, Amy Walling and Sara Houlette, secretary. Unavailable for the picture was Dr. William Kracke, M.D. from Amarillo who has a part-time position with the Center's staff.

World Peace Day

Sept. 21

Hospital Budgets Approved

Directors of the South Randall County Hospital District approved Monday night two operating budgets for the coming fiscal year.

An operating budget for Palo Duro Hospital of $793,600 was okayed and a general fund tax budget of $139,000 was also approved.

No citizens appeared before the board during a public hearing for the budgets.

Administrator Ray Grimes said the general fund tax budget is fed only by tax monies and is used to pay off bonded indebtedness incurred in construction of the new hospital and to pay for the annual fee charged by Canyon Ambulance Service.

Grimes was authorized by board members to contact the Hill-Rom Co. for the purchase of 17 special hospital bed units to finish furnishing 17 rooms the board did not complete when the hospital first opened last February.

The purchase will cost about $20,000, he said.

The board's insurance committee recommended the board purchase an additional $1 million in liability insurance to hike the upper insurance limit and to cover liability of hospital board members.

The recommendation was accepted.

Richard Bertrand, owner of the Canyon Ambulance Service, and Raby Ratliff, an ambulance attendant, spoke to seven Canyon Junior High science classes Monday. Pictured is Bertrand demonstrating first aid procedures. Ken Cates, 13-year-old son of Mr. and Mrs. Roy Cates, aids Bertrand in the demonstration.

Dead Animal Fee Set

Randall County commissioners voted Monday to charge a minimum $25 fee to farmers who dump dead cattle along county roads with the intention of leaving them there.

But, before the $25 fee is assessed, sheriff's deputies or county road crews will attempt to contact an Amarillo dead animal firm to pick up and dispose of the carcasses.

Commissioner Paul Lindsey suggested the charge during a regular session of commissioners, after noting that in the past week two carcasses have been found along county right-of-way.

Lindsey moved that should it become necessary for the county road crews to bury the dead animals on county right-of-ways, the farmers be charged the fee.

Commissioners Dee Griffin and John Fulgenzi suggested a higher fee be charged, but Lindsey and Commissioner Jim Fletcher contended the $25 fee would be adequate to put a halt to the animal dumping.

Lindsey said the problem of trash dumping along county roads is also an increasing problem.

Griffin suggested those who dump trash and who can be found should be fined the maximum the law allows.

But, Sheriff Cliff Longest said in most cases it is virtually impossible to make a prosecutable case.

In other business Monday, commissioners heard a plea from Mrs. Carmen Hernandez of the Canyon Community Family Services Association for funding aid to help defray hospital expenses for Ricardo Valdez, 11, son of Mr. and Mrs. Brito Valdez, of Canyon.

In a letter to commissioners, Mrs. Hernandez explained that the young Valdez suffers from terminal leukemia and has amassed hospital bills totalling more than $5000.

Commissioners were sympathetic to the request but took no action.

Commissioners approved a proposal from Mrs. Audrey Bruse, tax collector, to initiate computer programs for a new voter registration procedure mandated in a recent Texas law.

They also approved purchase of a new sheriffs department car. Low bidder for the automobile was Stevenson Motor Co. of Canyon with a bid of $4730. Other bidders were Plains Chevrolet of Amarillo with a bid of $4850.50, and Imperial Chevrolet of Canyon with a bid of $4796.93.

Metcalf Gets Raise

Canyon city commissioners voted Monday night to give a $1000 per year raise to City Manager Glen Metcalf.

Commissioners considered the action only briefly during an executive session.

In other business Monday, commissioners authorized payment of about $750 in bills for construction of the new civic center complex.

Valdez Fund Rising For Medical Needs

The generosity of Canyon citizens and university students has resulted in a current trust account total of 918.39 on deposit at both city banks for the Ricky Valdez Fund, according to Carmen Hernandez of the Canyon Community Family Services Organization.

Last week end the Lambda Chi Alpha fraternity members brought in about $350 for deposit to the Valdez Fund after a "rock-a-thon" fund effort staged at McDonald's Restaurant in the city. Proceeds from the Alpha Phi Omega service fraternity's Mexican dinner Monday evening have not yet been tabulated.

This week end the Buffalo Breakers CB Club will be washing cars for the effort from 1-6 p.m. Saturday at the Kwik Kar Wash, 2200 1st Ave and will pick up and deliver in-city automobiles with a call to 655-4094.

The communitywide "flea market" with bazaar items home baked goods, garage sale items and miscellaneous furniture and appliances will be held at the Canyon Junior Livestock Building next week end, Sept. 27-28, to raise additional funds for the Valdez youth.

Organized by the Buffalo Breakers CB Club, the "flea market" will have booths available for all city clubs or individuals and donations of various merchandise will be accepted by the group for sale. For further information on the flea market project contact Mrs. Charlie Miller, 655-3982 or Mrs. Sam Richard, 655-7240.

Clubs throughout the city have this week been discussing the Valdez Fund during their regular business meetings and many have approved for their memberships to participate individually in the flea market project. The University Study Club, a federated clubwomen's group, approved from their treasury a $100 donation to the fund also.

Mrs. Hernandez will be out of town while her husband, Robert, receives medical attention in Albuquerque. Her duties with the Canyon Community Family Services Organization will be handled through Ron Kershen, 655-4209 or Janie Garcia, 655-2047, while she is unavailable.

"This week," stated Mrs. Hernandez, "we paid the doctors with the trust fund money, although we still have the hospital bills to care for as well as the continued medical treatments which will be required for Ricky."

"Ricky is getting daily cobalt treatments now," she concluded.

Valdez Car Wash Effort Saturday

A "car wash" will be held Saturday by the Buffalo Breakers CB Club with all proceeds being channeled into the trust accounts for 11-year-old Ricardo Valdez in meeting medical payments to fight leukemia.

The car wash effort will be staged at the Kwik Kar Wash, in the 2200 block of First Avenue, with club members washing and cleaning cars from 1-6 p.m. Minimum charge will be $2 per car with additional donations welcomed by the organization.

City residents may have their automobiles picked up and delivered to the car wash by calling 655-4094 evenings this week or all day Saturday, Sept. 20. All proceeds from the effort will be deposited to the Valdez Fund.

Kelly Forehand To Receive Grant From NFL

It was about this same time last year. The summer was waning and the first hints of fall were in the evening breeze. It was the time of year when football became the number one topic of conversation.

The Canyon High School Eagle football team had dropped their first two games of the 1974 season. The third game against Caprock of Amarillo was won by Canyon, but where was the jubilation, the thrill of victory? The football bus was silent as the team made their way back to Canyon after their victory. The halls of CHS were quiet the following Monday morning.

Kelly Forehand, a standout player on the Eagle squad had been critically injured in the game. Doctors at the Emergency Receiving Center at Northwest Texas Hospital made the diagnosis—Kelly Forehand suffered a broken neck, and was paralyzed from the waist down.

A year has passed since the tragic night at Dick Bivins Stadium in Amarillo and a lot has happened in that short space of a year.

Kelly spent nearly five months in Amarillo and Houston hospitals, he graduated from Canyon High School, enjoyed an eventful summer with friends and is now a freshman at West Texas State University—all this in a year's time.

"When Kelly came home from the hospital, he couldn't use his wrist and hands at all," Kelly's mother said. "But now, with the use of a splint, he takes his own notes in class," she added.

Kelly has indeed come a long way. In addition to his studies, he is teaching himself to sketch and is developing a cartoon character. In one of his sketches, titled 'Movin On', his character is in a wheelchair and is approaching a 55 mile-per-hour speed limit sign. The caption reads, "Who cares, wheelchairs can't go that fast."

His high school graduation present also receives a lot of Kelly's time—a citizens band radio. When a fellow CB'er talks to 'Doc Magic,' he's talking to Kelly.

Not yet decided on a major, Kelly is taking nine hours this semester at WTSU. "I took only nine hours this first semester to see if I could handle it. I plan to take 15 next semester," he said.

"I like school real well. All my classes are in the UCS (University Complex South) and with the elevator, I have no trouble getting around. If I need some help, I just holler at someone in the hall."

"All my teachers are real good to me," Kelly said. He related one instance where one of his classes in the UCS was getting crowded and he learned that it might be moved to the Old Science Building where there is no elevator. Kelly explained his plight to the instructor. The class remained in the UCS.

Kelly and his family haven't gone through the past year alone. The Kelly Forehand Fund was set up immediately following the accident. Funds from across the area, state, and nation began coming in.

One man in particular took it upon himself to aid Kelly and his family.

Donald Seager from Amarillo had a son on the Caprock team and felt the burden of the Forehand family. He began writing letters to major college coaches and to the teams in the National Football League. Several responded with funds, autographed footballs, and other things to aid in Kelly's recovery.

Through his many inquiries, Seager found out about the National Football League Charities. Leaving no stone unturned, he told the group of Kelly's situation.

Seager received a letter dated Sept. 11 from Ernie Accorsi, the secretary of NFL Charities. The first paragraph of the letter reads:

Dear Mr. Seager:

On behalf of the member clubs of the National Football League and the Board of Directors of National Football League Charities, I am pleased to inform you and the Forehand family that the NFL Charities has awarded a grant of $5,000 to help defray the medical expenses of Kelly Forehand.

The letter goes on to say that he will be arriving in Amarillo on Friday and will present Kelly the check at the game that evening. The presentation will be made at halftime.

A year has gone by and Kelly Forehand will once again be on the gridiron when the Canyon Eagles meet the Caprock Longhorns.

Buffs-Golden Hurricanes To Tangle

The West Texas State University Buffaloes will be trying to make it two in a row Saturday as they open at home against the Golden Hurricane of Tulsa University, the team picked to repeat as Missouri Valley Conference champs.

Last week, the Buffs evened their season record at 1-1 with a narrow 10-6 win over Lamar University in Beaumont. All of the Buff points came in the first period as the Maroon held off repeated Cardinal advances with a stout second-half defense.

Midway through the first period, Freddie Turner hauled in a 42-yard pass from quarterback Tully Blanchard to set up the Buff touchdown. Eddie Richardson scored the TD with a one-yard plunge. Kicker Bruce Wyre made it seven as he tacked on the PAT and then later in the period scored a field goal from 35 yards out.

Last week's honor players picked by the coaches were Mike Lusane, defensive player of the week; Freddie Turner, offensive player of the week and Willie Burleson, offensive lineman, received the Strike Award for his bruising blocks against Lamar.

Saturday night, the Buffs will face what head coach Gene Mayfield says is "a much better offensive team than we've played in the first two games."

The Golden Hurricane will bring to Kimbrough Memorial Stadium last year's top passer in the Valley, Jeb Blount, and the Valley's top receiver, Steve Largent. Along with Blount and Largent, eight more offensive starters from last year's MVC championship team returned this season.

In the Golden Hurricane opener a week ago, Kansas State defeated coach F. A. Dry's team with a close 17-16 score.

The Buffaloes have been nagged with injuries for the past two weeks. "We are having to move our offensive backs around and three of our four defensive down men have injuries," Mayfield said.

Last week against Lamar, running back John Paul Lee handled only the punting chores because of an Achilles tendon injury. Anthony Dogan, a right halfback as is Lee, is injured with a hip-pointer. Clois Burgess, fullback, is suffering from ankle and knee injuries.

On the defensive line, John Ayers, Floyd Jones and Mike Lusane are hampered with injuries as are linebackers Larry Spears and Mike Podzemny.

Mayfield said most of those injured would probably be able to play Saturday, but, he added vital practice time was lost.

Gametime for the WTSU-Tulsa confrontation is 7:30 p.m.

WTSU Band To Present 'Discover America' Show

With 231 members, the West Texas State University Marching Band will open home football game halftime shows Sept. 20 at the WTSU Buffaloes vs. Tulsa game at 7:30 p.m. in Kimbrough Memorial Stadium.

Under the direction of Dr. Gary Garner, professor of music, the band will present "Discover America." The show will include a salute to Hawaii, with members forming dancing hula girls, and a salute to California, complete with a surfer attacked by a shark.

Trumpets will be featured in Mississippi Mud," and the entire band will perform precision drill movements to a medley of Texas songs.

Themes for remaining halftime shows include "Walking," "The Circus," and "Make Your Own Kind of Music." The final show Nov. 22 will feature highlights from previous halftime performances.

Special arrangements, written especially for the WTSU Band, will be presented during the halftime show. The arrangements were written by eight musicians from California, Minnesota, Utah, Ohio, Louisiana and Texas.

A new feature of the band this year will be eight maroon and white flags carried by band members during pre-game and halftime ceremonies, Dr. Garner said.

Head drum major for the 1975-76 year will be Tracy Collins, Odessa senior. Serving as his assistant will be Brad Garner, Canyon sophomore.

Feature twirlers Sheila Mayben, Claude sophomore, and Rhena Jobe, Seminole sophomore, will perform with the band during halftime ceremonies.

Additional twirlers, called the "Buffalo Gals, include Judy Hart, Azle senior, head; Gail Thompson, Canyon senior; Marci Eakin, Brownfield sophomore; Patsy Malone, Borger sophomore; Liz Dunning, Plainview freshman; and Glenda Shires, Abernathy freshman.

Members of the Band Council are Rick Crawford, El Paso senior, president; Tommie Woody, Dumas senior, vice-president; Peggy Aidkin, Midland junior, secretary; Scottie Johnson, Dalhart junior, treasurer; and Dan McGlasson, Canyon sophomore, reporter.

Class representatives are Gordon Sturgis, Fort Worth senior; John Hunt, Hurst junior; Bruce Collins, Clovis, N.M., sophomore; and Charles Johnson, Sweetwater, freshman.

Kids Inc. Scores

Fourth Grade:
Canyon #1 tied Paramount 6-6.
Canyon #2 lost to Avondale 40-0.
Fifth Grade:
Canyon #1 defeated Paramount 16-0.
Canyon #2 defeated WCC 8-6.

Booster Club Seeking Help

The Canyon Eagle Booster Club is looking for volunteers to help man concession stands at home CHS football games and during junior high school games this fall.

Sandy Martin said the concession stand revenues go to the booster club to provide support for all athletic teams of the school district and particularly for the all-sports banquet in the spring.

Those interested should call Carol Whitney at 655-9114 or Linda Brazile at 355-6955.

During Monday night's booster club meeting, members viewed game films from the Eagle-Borger Bulldog game of last week end.

The club, with memberships still available, meets each Monday at 7 p.m. at the visual aids room of CHS.

Photographs On Display

Prints and slides by members of the Amarillo Photographic Society will be on display through Sept. 28 on the second floor of the Panhandle-Plains Historical Museum on the West Texas State University campus.

Black and white and color prints are being exhibited during regular museum hours 9 a.m. to 5 p.m. weekdays and Saturday. Slides will be shown Saturday during regular hours, and Sunday from 1 to 6 p.m.

The display includes 60 prints and 240 slides by 25 exhibitors.

Exhibitors of winning prints, judged by Mrs. Olive Bugbee, art curator of the museum and Gort Rushmer, WTSU journalism instructor, will receive ribbons.

Best in Show honors went to Clyde Stickley for "The Thinker," a black and white print.

Other winners were Herbert Hutchins, first place in black and white for "Thoughts of Yesterday"; Clyde Stickley, second place for "Rainy Night in Amarillo"; Dick Wilberforce, third place, "The Old Timer"; and Johnnie King received an honorable mention for "Church at La Cueva."

Winners in the color division were Roberta Currie, first, for "Morning Mist"; Vivian Penry, second, "Sea Foam"; Roy Dohoney, third, for "The Nut Cracker; and C. Brent Shumard, honorable mention, "Silent Echo."

The amateur society meets each first and third Tuesday of the month at 8 p.m. in the conference room of the Amarillo National Bank. Founded in 1930, the society has 70 members and no age limit.

Prof Receives Appointment

West Texas State University Associate Professor of Education Ronnie Waide has received a three-year appointment as a member of the Texas Academy of Science Board of Science Education.

Dr. Waide, who is responsible for science education at WTSU, will serve on the board from 1975-78.

The first meeting of the board will be in October preceding the National Science Teachers' Regional Meeting in Oklahoma City. They will discuss preliminary business concerning the annual Texas Academy of Science meeting in March, 1976.

Waide, who received his doctorate from Texas A&M, has attended National Science foundation Institute on the Science Curriculum Improvement Study of Berkeley, Calif.

STATE OF TEXAS
TO: LLOYD MELVIN HARTZOG, Respondent
GREETINGS:

YOU ARE HEREBY COMMANDED to appear and answer before the Honorable District Court, 47th Judicial District, Randall County, Texas, at the Courthouse of said county in Canyon, Texas, at or before 10 o'clock A.M. of the Monday next after the expiration of 20 days from the date of service of this citation, then and there to answer the petition of CAROL JOYCE HARTZOG, Petitioner, filed in said court on the 16 day of MAY, 1975, against LLOYD MELVIN HARTZOG, Respondent, and the said suit being number 14,590-A on the docket of said Court, and entitled 'In the Matter of the Marriage of CAROL JOYCE HARTZOG and LLOYD MELVIN HARTZOG and In the Interest of DEBRA KAY HARTZOG, THOMAS EUGENE HARTZOG, AND SHARON LEA HARTZOG' the nature of which suit is a request to suit for divorce and appointment of managing conservator.

The Court has authority in this suit to enter any judgment or decree dissolving the marriage and providing for the division of property which will be binding on you.

Issued and given under my hand and seal of said Court at Canyon, Texas, this 16 day of SEPTEMBER, 1975.

LaQUITTA POLVADORE
Clerk of the
47th District Court of
Randall County, Texas
By: Marijohn Motheral,

Ali Ashoub

Ali Taking Advantage Of Education

Last year, about this same time, a student traveled some 12,000 miles to enroll in Canyon Junior High School.

Ali Ashoub, a native of Iran, entered CJHS as an eighth grader last year unable to speak the English language. "I couldn't understand one word when I came over here. I could write and read English, but I couldn't understand it at all," Ali said.

"It took me about six months to learn how to talk over here," the sixteen-year-old said. Ali credits his teachers and fellow students for his now fluent use of the English language.

The young Persian lives in Canyon with his uncle, Javad Paktinat who is working toward his masters degree in bio-chemistry at West Texas University. Paktinat has been in the United States for seven years and earned his B.S. from Panhandle State in Goodwell, Okla.

Ali says he came to Canyon for an education because his uncle was here and also due to the fact that the education process here is much easier to go through than in his hometown of Tehran.

In Iran, he says, you go to school six days a week. Asked how about extracurricular activities in the schools of Iran, Ali said things like "band and athletics were fun things and you went to school to learn and you don't go to school to have fun."

Ali plans to remain in Canyon for his education by continuing through high school and college at WTSU.

It was pretty hard to leave his homeland knowing he wouldn't be back for seven or eight years Ali said, but the opportunity presented itself with his uncle living here.

"I can't think about home without getting real sad," he said. Whenever thoughts of home cross his mind, Ali says he just thinks of all the good friends he has in America. "I have a friend, Todd Nix, that's just like a brother to me," Ali said.

Ali's parents own an automobile dealership in Iran. They plan to come to the United States some time in the next year or two for a visit.

Since enrolling in the junior high, Ali has thrown himself into the lifestyle of American youth. With a hint of pride in his voice, he points out that he's a football player. Having never played or seen the game played, Ali is on the ninth grade white team as a defensive tackle and offensive end. "We have soccer in Iran, not football," he said. After football, Ali plans to go out for basketball.

On food, Ali says American food is good but nothing can compare with Persian cuisine.

Before coming to this country, Ali had visions of cowboys with their guns and cowboy boots. "You know, it's like American kids thinking all we do in my country is herding camels around all the time," he said with a laugh.

Circus Events Set At WTSU

Two special circus events have been planned for fans by the West Texas State University Student Activities Council.

The Emmett Kelly, Jr., Circus will appear on Oct. 3 and the Royal Lichtenstein One-Quarter Ring Sidewalk Circus on Dec. 4.

With a total of nine acts, the one-ring Emmett Kelly Circus will include the Amazing Ashtons, a family of six Australian acrobats; the Bertini's, a Czechoslovakian acrobatic team and the Bruski's, a Polish aerialist act.

Performances will be at 4:30 and 7:30 p.m. in the All-Purpose Room of the WTSU Activities Center. Tickets will be $2 for children under 12, $3 for general admission and $1.50 for current WTSU students.

The Royal Lichtenstein Circus will be presented in the student union building. A jesuit priest will provide entertainment for the one-man event.

NOTICE OF
PUBLIC HEARING

A public hearing will be held on the proposed budget for Randall County for 1976 in the Commissioners Courtroom, Randall County Courthouse, Canyon, Texas, on September 22, 1975, at 2:00 p.m.

Betty Hodges
County Auditor
1tc25

University. . .

(Continued from Page 1)

compared with 1060 enrolled in that age group in 1974.

An increase was shown in the 18-year-old age group and the 20-year-old age group. Cates said 933 18-year-olds have enrolled compared to 764 in 1974. An increase of about 60 20-year-olds is recorded as the 1975 figure rises to the 945 level from 885 in 1974. The number of 19-year-olds decreased for the fall term from 966 in 1974 to 928 for 1975. The number of 21-year-olds also dropped from 851 in 1974 to 821 in 1975.

Increases were noted in the 23- and 24-year-old age groups.

The university showed a decline in the number of freshmen for the fall with 1794 this year compared to 1869 last year. The number of sophomores was also down slightly from 1153 in 1974 to 1150 this year.

The number of juniors showed a strong increase with 1253 this year compared to 1157 last year. The number of seniors decreased this year from 1246 last year to 1226.

An increase was noted in the number of graduate students, from 1220 last year to 1280 this year.

Program areas of the university generally showed an increase this fall over last fall.

Only enrollments in the fine arts, agriculture and nursing were down this fall.

Fine arts enrollment dropped by about 10 FTSE for the term, according to Cates, while agriculture was down only insignificantly. The nursing program enrollment was down 36 FTSE for the fall.

The largest increase was recorded in the liberal arts with 18 FTSE added to that enrollment. The sciences also showed a slight increase of about 2.3 FTSE for the fall. Teacher education enrollment climbed by 10 FTSE for the term and the social work program rose by 15 FTSE. Business administration climbed by about 2 FTSE for the fall.

Need. . .

(Continued from Page 1)

of rural areas, voted against.

That redistricting plan put precincts represented by Dowlen, Beckman and Butler inside the city limits of Amarillo and gave to Jones the entire rural county area, thus removing Dowlen and Beckman precincts from those areas in which the two commissioners lived.

In Sept. 1969, commissioners altered the precinct boundaries again, this time adopting the precinct map now in effect.

Dist. Judge George Dowlen, who was Randall County district attorney during the two redistricting actions in the 1960s, said there is apparently now statutory law mandating redistricting efforts or setting guidelines for redistricting.

He said, though, the Supreme Court ruling in the case of Avery vs. Midland County, a code decided in April 1968, establishes that the populations in each commissioner precinct must be substantially equal.

There is apparently no law, either, on whether pure population or voter registration numbers should be used in figuring redistricting plans. Both the 1968 and 1969 Randall County plans were based wholly on voter registration populations.

Umbarger News

By REBA RAEF

THERE'S NOT TOO much going on around Umbarger, socially, right not. What with school, farm work and getting things started for the Festival, we are a busy little community.

* * *

WE WILL HAVE kraut to sell in our store a little later on, thanks to Amalia Bracht and daughter-in-law, Gracie. Amalia helped me cut the cabbage from the cabbage patch and the next day, Amalia, Gracie and I cut and stomped 6½ crocks for the store. I was glad to see those two days end.

* * *

GEORGE AND MARY Brockman flew out to California recently, to attend the wedding of Mary's niece. Mary also has two sisters and some aunts and uncles there, so after the wedding, they visited them before returning home. This was their first flight and they both enjoyed it very much. They were gone for a week.

* * *

LAST WEEK, MARY Brockman went with Florence and Dory Albracht of Nazareth to Humphrey, Nebraska for funeral services of her uncle, Henry Albracht. He was 92 and was the last of five brothers. After the funeral, they drove to Lawrence, Nebraska to visit with some of Dory's relatives.

* * *

MEMBERS OF THE Birthday Club were guests of Evelyn Meyer last Thursday, to help her celebrate her birthday. They enjoyed games of Bingo and lunch was served to Mesdames J. G. Batenhorst, Katherine Beckman, Hazel Friemel, Frances Gerber, Rose Hoffman, Marie Irlbeck, Gertrude Fischbacher, Anna Buecker, Aline Lindemann and Elizabeth Westhoff.

* * *

CHARLEY AND KATHERINE Beckman have returned from a trip to points in Kansas. They took Katherine's sister, Mary Perry back to her home in Goff. Mary had been visiting the Beckman's for several weeks.

They went on to Leavenworth to visit one of Katherine's brothers and his family. From there, they went to Bucyrus and visited another of her brothers.

Katherine said it was dry all through that part of the country, but that it started raining every place they visited.

* * *

HAZEL FRIEMEL WENT to Longdale, Oklahoma last weekend to visit with her daughter and family for a few days.

* * *

THE PISTOLS AND Petticoats Square Dance Club is sponsoring a dance at St. Mary's Parish Hall on Sunday, Sept. 21, at 8 p.m. The evening is designed for young and old, newcomers and oldtimers with an open invitation for all interested persons. Those interested in taking square dance lessons may make arrangements at the dance next Sunday.

* * *

WE HAD A quarter of an inch of rain over last weekend, and we need more. Since this is Fair week, maybe we'll get a little more.

Umbarger Busy With Festival Planning

Library Board Discusses Move

Canyon Library Board began making plans for the move into new library facilities in December at their regular board meeting on Monday, Sept. 5, with board chairman, Claire Kuehn, presiding.

The board has asked that members of the "Friends of the Library" help to pack the books prior to the move into the new facility and Joe Frank has been selected as chairman of the book moving committee.

Board chairman, Claire Kuehn, was joined by members of the library board, Terry White and Walter Shelly for the early September discussion with City Clerk Tom Plumlee and the librarian, Mary Huntington, also present.

During their business session the library board noted the new services now available to patrons of the library including a large print collection which can be obtained by Canyon Public Library on loan from the Amarillo Public Library with titles available in the bibliography provided by the Amarillo Library.

A collection of 32 records is presently being maintained at the city library and selections include the classical, country, and western selections. Children's records will be added to the collection at a future date and these records are available to be checked out from the library with the same restrictions as for books.

Canyon residents may also arrange to have a reciprocal library card to be used at other libraries in the area by contacting personnel at the Canyon Library for further information on requirements.

The Canyon City Library has also instituted a "books by mail" project for the public and books may be checked out through a call to the local library, 655-9271.

Nell Findley was recently appointed by the Library Board to serve as a lay representative to the Texas Panhandle Library System. As a representative of the Canyon library, she will be attending meetings during the year to furnish reports to the board.

An executive board meeting for the Canyon Friends of the Library was held at the Yum Yum Tree Restaurant on September 11. Library Friends present were: C. Boone McClure, Dr. Hattie Mack, Gene McGlasson, Mrs. Gene Glazener, Mrs. Virginia Cotten, Dr. Pat Sullivan, Jo Ann White, Claire Kuehn, and Conway Kuykendall.

Janice Williams was elected to replace Ronny Mills on the board.

The Friends of the Library will have a membership meeting November 6, at 4:00 p.m. The purpose of the meeting is the election of 1976 officers. A book review is also planned. Dr. Pat Sullivan is in charge of arrangements. Anyone interested in joining the Friends group will have an opportunity at the open house of the new library. Individual memberships are $1.00 per year.

Budgets. . .

(Continued from Page 1)

ball and basketball coaches salaries come from the physical education department of the university with the athletic departments themselves picking up salary funding for the three summer months.

Athletic Director Gene Mayfield, for example, received a $22,896 salary from the physical education department budget and $7632 from the athletic budget. Head Basketball coach Ron Ekker receives $16,072 from the physical education budget and $5364 from the athletic department budget.

Revenues for the overall university budget for the current academic year are estimated to total $10,882,425 with $9.6 million of that total coming from the state's general fund and $1.2 million coming from locally-collected revenues.

According to the budget, the university begins the current year with a fund balance of $410,998.

Expenditures are expected to total $10,964,671 and an ending balance is projected to be $328,752.

University professors received mandated salary increases for the new school year and those increases are reflected in the budget as are salary increases for merit raises and promotions.

The salary of Dr. Lloyd I. Watkins, university president, was hiked in the budget from $30,000 to $34,800 for the year. In addition, Watkins is to receive a $12,900 housing and utilities allowance. According to the state comptroller's office, Watkins receives no other supplemental income.

University vice presidents Dr. Ray Malzahn, Dr. T. Paige Carruth and Hermas Miller received salary hikes from $32,610 to $35,892 for the year.

Director of Development Keith Winter received a salary increase from $30,220 to $33,156.

The bulk of the 1975-76 budget will go for faculty salaries, with $4.77 million appropriated for that purpose. General administration and student services is budgeted to spend $793,000 during the year.

Departmental operating expenses are budgeted to cost $837,000 for the year.

Buildings. . .

(Continued from Page 1)

helplessly last March 26 as fire quickly engulfed his machinery and a good deal of his inventory before consuming his steel building in north Canyon, announced last week it won't be long before he's back stronger than ever.

Already inquiries for the specialized metering equipment Fassauer produces are pouring in from throughout the world as he begins construction of a new plan and warehouse room that is about 50 per cent larger than the one which was leveled by the blaze.

Pouring of the slab for the new structure was to begin last week and Fassauer said his steel building is in Amarillo awaiting transfer to the Canyon site.

He expects construction to be completed in about five weeks.

The reconstruction is taking place at the same site at which the fire occurred last spring. All that remained from the fire was a small office building, to which will be added the new warehouse and plant building.

Fassauer opened Fassauer Industries here in 1972. At the time of the fire, the plant employed about five persons.

The new business interest in the city appears to be keeping pace with new housing construction, which in August surpassed the 1973 annual record for new home permits issued.

Through mid-August, permits had been issued by the city for construction of 72 new homes since Jan. 1. The record year for building permits for new home construction was 1973 when 68 permits were issued.

Reading. . .

(Continued from Page 1)

priority in the classroom.

A teacher in Dumas, Claude, Dallas and Waco before coming to Canyon, Mrs. Read has introduced the pleasures of reading to her third graders by setting aside each day the period from about 3:10 p.m. to 3:30 p.m. purely for reading.

And, during that period, she says, everybody reads, including the teacher.

Mrs. Read has stocked her classroom with a small library of its own, with books, magazines and stories. The children are encouraged to read whatever they want to read at any reading level they desire.

A proponent of individualized-type instruction, Mrs. Read provides books which require reading skills below the third grade level and books which require reading skills well above the third grade level for the students during their pleasure-reading time.

"They love it," she says of the reading period.

Since she began the reading period earlier in the term, Mrs. Read has noticed her students becoming more and more interested in books.

"I've noticed the children exchanging books," she said. "Everybody wants to read and they're reading much more.

"They even want to read during math class," she said with a smile.

Mrs. Read says she has no trouble with discipline or with forcing the children to sit down and begin reading at the start of her special reading period.

"They come right in and start reading," she said.

Mrs. Read said the special reading period has not taken the place of her formal reading periods during which she teaches the basic skills.

Working with three reading circles, she stresses during formalized instruction proper reading habits.

"It's too early to tell any changes in the reading groups," she says of the special reading period's possible impact on the overall reading of the class. "But, I find the group really reading more."

Mrs. Read hopes her idea will spread throughout the school and that eventually everyone in the school from the custodian to Bob Parks, the principal, will take time during the day to read for pleasure.

Phone. . .

(Continued from Page 1)

which was in effect for the 19 or 20 days in late May and early June.

Patrick said, for example, a new long-distance direct-dial rate was established for phone calls made intrastate for less than one minute.

He also cited an example of how much money residents might expect to either pay or receive back due to long-distance intrastate calls during the specific period.

The rate, for example, for a long-distance direct-dial call from Canyon to Houston at 8 p.m. on weekdays was 75 cents under the old rate. Under the rate established for the period, the rate was 90 cents.

The one-minute rate is 34 cents from Canyon to Houston during a similar time period.

Patrick said the telephone company had anticipated an increase in Texas income of about $45 million with the rates which were to go into effect in March.

Since June, the company has instituted a new and lower rate schedule which should raise about $25 million in additional income for the phone company, he said.

Patrick said those local residents who desire to have their bills audited for possible rebate should contact the local telephone company office.

Law. . .

(Continued from Page 1)

offenders to take the defensive driving course offered by the Texas Department of Public Safety rather than paying the traffic citation.

Hampton said the program has apparently worked very well in the city.

His feeling is backed up by Mrs. Jesse Booth, city traffic court clerk, who said she feels the defensive driving course has helped young first offenders not become repeaters.

"No more than a dozen who've taken the course have gotten a second ticket," she said.

Judge Wilson said he foresees scheduling problems for the DPS should he begin to allow first offenders to take the driving course rather than pay a fine.

Unitil more manpower is provided by the DPS to teach the courses, he said, he will not participate in the program.

Senior Citizens Meet Tonight

Canyon Senior Citizens will be meeting for their weekly potluck supper at 7 p.m. this evening, Sept. 18, at Canyon Community Center. Residents aged 55 and up are invited for the supper and fellowship.

University Church Of Christ

3400 Conner Drive

WELCOMES YOU

SUNDAY
BIBLE SCHOOL—9:30 a.m.
MORNING WORSHIP—10:25 a.m.

EVENING WORSHIP—6:00 p.m.

WEDNESDAY
MIDWEEK SERVICE—7:30 p.m.

Cheerleaders on the "varsity" squad for Canyon High School's athletic functions during 1975-76 include from left: Susan Bonifield, Krista White, Sheryl Dees, Debbie Hilleary, Nickie Abbott and Sherry Knowles.

Spirit Boosters For Eagles

Canyon High School's cheerleaders had two fund-raising projects last week in an effort to meet expected expenses for the year 1975-76 and provide next year's summer camp training for the cheerleaders, according to Miss Bess Brillhart, sponsor.

"This is our first year to have a junior varsity set of cheerleaders," noted Miss Brillhart. Both the JV and varsity cheerleading squads include six girls with the junior varsity leaders involved at JV football games at home and for boys and girls sophomore basketball games here.

The varsity cheerleading squad attends all football games and during basketball season leads cheers for the varsity boys and girls home games and attend district games on the road, according to Miss Brillhart.

Travel for the cheerleaders is furnished by private automobile with Miss Brillhart, a CHS geometry teacher, as the adult sponsor. Cheerleader's parents help as needed during the season.

The varsity cheerleaders for 1975-76 include three seniors: Sheryl Dees (daughter of Mr. and Mrs. Myron Dees), Sherry Knowles (daughter of Mr. and Mrs. Eddie Knowles), Nickie Abbott (daughter of Mr. and Mrs. Joe Abbott); and three juniors including Susan Bonifield (daughter of the Dyer Bonifields), Krista White (daughter of Mr. and Mrs. James M. White), and Debbie Hilleary (daughter of the Dale Hilleary's).

JV cheerleaders are all sophomore students at Canyon High School and include: Cindy Stallings (daughter of Mr. and Mrs. Larry Stallings), Rhonda Moore (daughter of Mr. and Mrs. B.J. Moore), Judy LaGrone (daughter of the O'Dell LaGrones), Cindy Johnston (daughter of the Don Johnstons), Brenda Henry (daughter of Mr. and Mrs. Kyle Farmer) and Dede Brohlin (daughter of Mr. and Mrs. Paul Brohlin).

"It isn't just a ballgame thing with cheerleading," explained the sponsor. "Our varsity girls are involved during the school year and also for many hours during summer vacations."

"They spend the summertime preparing the 'spirit signs' which decorate the high school halls prior to each game and spend time involved in cheerleader's school too.

"This past summer the varsity cheerleaders had camp training at Southern Methodist University where we earned three blue and two red ribbons in competition, as well as learning a lot of new techniques," stated Miss Brillhart.

The school furnishes tuition for summer varsity cheerleading school and the cheerleader's uniforms, the students themselves face the expense of uniform items including their shoes, socks, jackets, sweaters and emblems. The expense for CHS letter emblems and sweater or jacket usually runs about $80 per cheerleader, according to the sponsor.

The cheerleaders aid at Canyon Booster Club meetings during the school year and have a special Eagle Mascot for the football activities. The role of Eagle Mascot this year is filled by Jeannie Hager (daughter of the Weldon Hagers) who dons the feather costume for fall football games.

Raising their own operational funds is a year-round project for the cheerleaders who receive proceeds from their "beat tag" sales, and other affairs including numerous bake sales each school season.

The cheerleaders had a pop bottle raid at the Mr. Burger and Two-B-Burger where city residents participated. Both business establishments provided a free cold drink to city residents who turned in soft drink bottles during the week of September 8-14 at either firm. Proceeds from all bottles turned in were presented to the CHS cheerleaders.

CHS "junior varsity" cheerleaders for 1975-76 include from left, front: Cindy Stallings, Rhonda Moore and Judy LaGrone with back row, from left, Brenda Henry, Cindy Johnston and Dede Brohlin.

Spirit boosters for Canyon High School include band drum majors Mike Johnson, left, and Bryan Garner, right, with the CHS Eagle Mascot, Jeannie Hager, costumed in center.

Twirlers at Canyon High School for 1975-76 include from left, Karen Whitson, Roma Johnson, Tammy Salee, Maurine Bonds and Kim Landrum.

PUBLIC NOTICE

SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS (S.J.R. NO. 11)

SPECIAL ELECTION NOVEMBER 4, 1975

PROPOSITION NO. 1 ON THE BALLOT

Revising the separation of powers, legislative and executive provisions of the Texas Constitution. Article II, Separation of Powers, is amended to:

Provide that the powers of government of the State of Texas are divided among three distinct branches: legislative, executive, and judicial. Except as otherwise authorized by the constitution, members of one branch may not exercise any power properly attached to either of the others.

Article III, The Legislature, is amended to:

Continue the present structure of the legislature consisting of a senate with 31 members and a house of representatives with 150 members. The present organization and procedure of the legislature are continued except that the provision allowing closed executive sessions of the senate is omitted. Provisions on the conflict of interest of members of the legislature are continued, as is the governor's power to veto bills or line items in appropriation bills. The article provides for single-member senatorial, representative, and congressional districts. A compensation commission is created to recommend the compensation and allowances to be received by members of the legislature. The legislative compensation, set by law, may not exceed this recommendation and does not take effect until after an intervening general election. The article provides for annual sessions of 140 days in odd-numbered years and 90 days in even-numbered years, and a veto session of 15 days upon request of three-fifths of the membership of each house. The legislature may meet in organizational sessions prior to the convening of the legislature in regular sessions.

Article IV, The Executive, is amended to:

Continue the present status of the governor and all other statewide officers, and include the commissioner of agriculture as an executive department officer. The governor is limited to two consecutive terms. The governor is authorized to designate chairmen of state boards, and to remove gubernatorial appointees to state agencies for cause unless the removal is vetoed by the senate. The article mandates the legislature to provide a new governor-elect an appropriation so the governor-elect may organize an office prior to inauguration, and permits the legislature to grant powers of fiscal control to the governor. All governmental agencies, with several exceptions, have a life of not more than ten years unless extended by the legislature, and, at the regular session held in odd-numbered years, the governor shall submit to the legislature a report on the organization and efficiency of the executive branch.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the SEPARATION OF POWERS, LEGISLATIVE, AND EXECUTIVE PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective January 1, 1976, except Article III, Section 5, which becomes effective January 1, 1981.

PROPOSITION NO. 2 ON THE BALLOT

Revising the judiciary provisions of the Texas Constitution. Article V, The Judiciary is amended to:

Establish a unified judicial system consisting of the supreme court, court of appeals, district courts, and circuit courts. Existing county courts and county judges are continued until otherwise provided by law. All judges (except municipal judges), district attorneys and district clerks must be elected by the people. The supreme court and the court of criminal appeals are merged into a single court of last resort, and this supreme court is authorized to provide for efficient administration of the judicial system and to balance case loads. Individual rights for a trial by jury and appeal by the accused are continued. The state is granted the right to appeal in criminal cases in limited circumstances, and the legislature is permitted to establish methods of appeal to the courts from decisions of state agencies.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the JUDICIARY PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 3 ON THE BALLOT

Revising the voting and election provisions of the Texas Constitution. Article VI, Voter Qualifications and Elections, is amended to:

Provide for registration and qualifications for voting including voter residency requirements to be established by law. A citizen of the United States who is at least 18 years of age and who meets the registration and residence requirements provided by law is a qualified voter unless the person has been convicted of a felony and for that felony is incarcerated, on parole, or on probation, or unless the person is mentally incompetent as determined by a court. Voting by the people in all elections must be by secret ballot, and the legislature shall provide by law for residence, registration, and absentee voting requirements, for the administration of elections, and for the protection of the electoral process. The general election for state and county officers is to be held in even-numbered years on a date prescribed by law.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the VOTING AND ELECTION PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 4 ON THE BALLOT

Revising the education provisions of the Texas Constitution. Article VII, Education, is amended to:

Provide that the Permanent and Available School Funds and the county public school funds are continued for the support of the free public schools. The State Board of Education is retained and the Permanent and Available University Funds are continued for the benefit of The University of Texas and Texas A&M Systems. A new Higher Education Fund for Texas is established for the benefit of colleges and universities outside The University of Texas and Texas A&M Systems. The state ad valorem tax of ten cents on $100 valuation is continued as the source of revenue for the Fund. The ten cent higher education tax may be changed by law within the ten cent maximum. The legislature may allocate by law a portion of the Higher Education Fund to certain state vocational and technical institutes. The article provides that the public education system must furnish each individual an equal educational opportunity, but a school district may provide local enrichment of educational programs exceeding the level provided by the state consistent with general law. Authority to issue Permanent University Bonds is continued but the bonds may not exceed 30% of the Permanent University Fund.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the EDUCATION PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976, except Article VII, Section 9, which becomes effective January 1, 1979.

PROPOSITION NO. 5 ON THE BALLOT

Revising the finance provisions of the Texas Constitution. Article VIII, Finance, is amended to:

Provide that state taxes may be levied and collected only by general law and to prohibit any state ad valorem tax on real property or tangible personal property except the ten cent tax provided for in Article VII and a tax of two cents on the $100 assessed valuation to provide funds for the State Building Fund. Provides that all real property and tangible personal property must be taxed equally and uniformly in proportion to market value. Existing exemptions from ad valorem taxation are continued. The present dedication of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. The legislature shall establish separate formulas for appraising land to promote the preservation of open-space land devoted to farm or ranch purposes and may establish separate formulas for appraising land to promote the preservation of forest land devoted to timber production. The $3000 exemption from state ad valorem taxation for residential homesteads is continued and the legislature by law may increase this amount. A separate $3000 exemption from ad valorem taxation by political subdivisions is provided for the residential homestead of persons at least 65 years of age and the political subdivision may increase this amount. The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, nonprofit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. An assessment voted by marine food or agricultural producers on their product sales is not a tax if provision is made for the individual producer to receive a refund of the assessment when the producer does not desire to be assessed.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the FINANCE PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective on September 1, 1976, except Article VIII, Section 2, Subsections (b) and (c), which becomes effective January 1, 1978, and Article VIII, Section 6, Subsection(c), which becomes effective January 1, 1979.

PROPOSITION NO. 6 ON THE BALLOT

Revising the local government provisions of the Texas Constitution. Article IX, Local Government, is amended to:

Provide that the counties of the state are those that exist on the date of adoption of the local government article and that county boundaries may be changed if approved by a majority of the qualified voters in each affected county who vote on the question. Counties may be merged or county seats relocated if approved by two-thirds of the qualified voters in each affected county who vote on the question. The present elected constitutional county offices are retained and four year terms of office are provided. The voters of a county may create additional offices, eliminate offices, or combine the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective on September 1, 1976.

PROPOSITION NO. 7 ON THE BALLOT

Revising the general provisions of the Texas Constitution. Article X, General Provisions, is amended to:

Provide the basic requirements relating to public officeholders such as the official oath and residency requirements. The provision defining the separate and community property of spouses is retained, and the protection of a homestead from forced sale is continued. The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. A private corporation may not be chartered except under general law, and no bank may engage in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued. The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to contribute more than 10%. A policy that the quality of the environment of the State of Texas is to be protected is established, and the legislature is required to implement and enforce this policy. No state funds may be used to remove surface water from the river basin of origin if the surface water is necessary to supply the reasonably forseeable water requirements of the basin for the ensuing 50 years, unless the removal of water is sufficiently replaced to the point of removal from outside the state or is on a temporary, interim basis. The seaward beaches of the Gulf of Mexico and coastal submerged lands belonging to the state are held by the state in perpetual trust for the people, and subject to reasonable limitations prescribed by law, the public has the free and unrestricted right of use and benefit of the beaches. The provision is continued that, except as otherwise provided by law, a rate of interest in excess of ten percent a year is usurious, and that if a contract does not specify a rate of interest, the rate under the contract may not exceed six percent a year. Discrimination against handicapped persons is prohibited, and a goal of the state is established to provide every resident access to adequate, comprehensive health care.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the GENERAL PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 8 ON THE BALLOT

Revising the mode of amending provisions of the Texas Constitution. The proposed article will be the last article of the constitution. If only Proposition No. 8 is adopted, the article will replace Article XVII of the present constitution. If other propositions are adopted, the article will be appropriately renumbered to remain the last article of the constitution. If all propositions are adopted, the article will be Article XI. Article XVII, Mode of Amending the Constitution of the State, is amended to:

Establish a procedure for constitutional amendments requiring a two-thirds vote of each house of the legislature and majority approval by the voters. The calling of a limited or unlimited constitutional convention with voter approval is provided. The question of whether to call a constitutional convention must be submitted to the people every 30 years.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

The constitutional amendment revising the MODE OF AMENDING PROVISIONS of the Texas Constitution."

If adopted by the voters, will become effective September 1, 1976.

Fair Ribbons For Locals

A number of Canyon women have been listed as winners in the women's division of the Tri-State Fair in Amarillo again this year.

Placings by Canyon women include Mrs. Claude Currie receiving a second-place ribbon for aprons; Nancy Huntington receiving a second-place on bags; Mrs. Inez Cataldi receiving a second place for picture needlepoint; Charlene Bagley earning a second-place for embroidered quilts; and Marcie Grabber taking a first place on pot holders and hot plate mats, a second on place mats and sets, and a first on lady's coats.

In the Class VII division or Holiday Corner several city women received ribbons including Inez Cataldi with a second place on a Christmas tablecloth and a first on a Christmas tree skirt. Marcie Grabber took a second place ribbon on Santa mobiles.

Mrs. Cataldi received a first place for card holders and in tole painting Mrs. Lee Roy Moreland received a second-place judging.

In the decoupage judging section Mrs. Richmond Hales received a first for decoupage pictures, Mrs. Lee Roy Moreland took a second in other decoupage and a first place for a decoupage purse with Nancy Huntington, Canyon, gaining a first on bags.

Mrs. Moreland's ribbons were added to with second place in the pictures made with beans, beads, etc., judging and she also received a first place for artificial flower arrangements.

In junior culinary judging Kyle Buford of Canyon took a second for muffins and Lynda King had a first for quick breads.

Canned food section winners from the local area included Jeanne Parker with a first on corn and a second in any other classification with Sharla Miller of Happy earning a first on carrots, first on tomatoes, first on apple jelly, and a first on grape jelly. Miss Parker also earned a second on pickled beets and a first in the other entries classification.

Gene Howe News

Wide Receiving Water Boy Puzzle For Football Fans

By KAROLYN FARMER

IT'S HARD TO understand how someone who can't tell the wide receiver from the water boy can enjoy football so much — but with two future "All-Americans" and an armchair quarterback in the family, it's almost a case of "love it or leave."

Our boys have had their share of injuries — everything from a bloody nose to a broken arm. Each year they suit up to play and Mama sits down to pray.

Admittedly it's hard to erase the mental picture of our "baby" lying in the middle of that big football field with his arm twisted in the wrong direction.

But here it is, that time again. Of course, the boys who play the game work hard. But I can assure you that it's not easy to be a spectator either.

Not only do you have to watch your child get knocked to the ground by those big bullies, but you also have to know what to yell and when.

The men in my family lost no time in informing me that you don't yell "Block that kick" when the quarterback is going back to throw a pass.

So I guess I'll just stick to the old standby — "Go Team!" — and that goes for all our Gene Howe teams and all our Eagles, too.

* * *

ALL THREE GENE Howe football teams played their first games at the school field this past Sunday.

The 6th grade boys were victorious over South Georgia by a score of 6 to 0. Ronnie Gower scored the winning touchdown for Gene Howe.

The 5th grade team played against Lawndale and the final score was 0 to 0.

Ron Bostick scored a touchdown for the 4th graders. Their game against Lamar ended in a 6-6 tie.

* * *

SERVING AS OFFICIALS at the Gene Howe field last Sunday, and for all upcoming games to be played there, were George Melton, Leonard Schmidt and Delbert Tennison.

Of course, all three men did a great job calling the games, but rumor has it that they also had an ulterior motive — they got a week's worth of jogging done in one day.

* * *

LEONARD SCHMIDT IS "wearing" several different hats these days. Besides officiating at games and co-coaching the 5th grade team, he is also serving again this year as Kids, Inc. Round-up Man.

He would like to have someone to assist him in coordinating the sports programs at Gene Howe — so if you're interested, please call Leonard or the Kids, Inc. office for details.

* * *

DICK BALKE AND Leonard Schmidt are co-coaches for the 5th grade football team.

Boys playing on the team this year are: Jason Bass, Jeff Gates, Frankie Thomas, Mickey Bays, Sam Pender, Kevin Maxwell, Kevin Wright, Jim Gruhlkey, Wayne Bruffett, Timmy Lamberson, Kirk Balke, Scott Sauer, Mike Longhofer, David Kuhlman, Dwayne Hollis, Greg Persall and Russell Schmidt.

* * *

SCOTT HETZLER WAS the first victim of football injuries for the season. Scott, who plays on the 6th grade team, was hurt in last week's scrimmage game and was taken to the emergency room of the hospital for treatment.

Luckily though, what was thought to be a broken ankle turned out to be just a bad sprain; and Scott plans to be back out on the field with his team very soon.

* * *

RONALD AND TANYA Garrison and children are new residents of the Gene Howe area, having moved here two weeks ago from Cleveland, Ohio.

The Garrisons live in Mescalero Park and Ronald is employed by Southwest Offset, Inc. Ronald is the brother of Mrs. Weston (Virginia) McNatt who is also a resident of Mescalero Park.

Cameron Garrison is 7 years old and is in Mrs. Davis' first grade class. Kelly is 5 and is in Mrs. Harp's afternoon kindergarten class. Ronald is 3 years old and stays at home to help Mommy.

Both Ronald and Tanya like to bowl and Ronald is also an avid golfer.

* * *

MRS. JOHNNY (PHYLLIS) Hicks is now home recuperating after spending most of this week at Northwest Texas Hospital. Phyllis surprised everyone (including herself) with an appendectomy last weekend.

We all know that you can't keep a good woman down for long though — so "Hicks' Taxi Service" will hopefully be back in operation very soon.

TRISSA SHOTT PROVIDED me with a copy of the North Plains ACLD Newsletter this week that was full of both news and interesting articles.

The North Plains Association for Children with Learning Disabilities is a going organization in our community. If you have, or know of parents, who have children with learning disabilities, you may contact Trissa for details of the Association.

Of special interest for parents will be the ACLD meeting on September 18th at 7:30 in Snodgrass Hall at the First Christian Church in Amarillo.

The speaker for the meeting will be Dr. Robert P. Anderson of the Texas Tech Psychology Department, who will discuss the hyperactive child.

The North Plains ACLD will be holding a garage sale on September 26 and 27 at the northwest corner of 6th and Taylor Street. If you have items to donate for the sale, call Trissa Shott at 622-1579, or take them by the location on September 20th.

Also, if you're still planning a trip to the Tri-State Fair, be sure to stop at the North Amarillo Kiwanis Cafe — part of their profits will go to service projects for LD children in our area.

* * *

J.T. JOLLEY and T. C. Newkirk are coaches for the 1st and 2nd grade soccer team. The boys beat St. Joseph's on Monday by 3 to 0, but lost to Coronado last Saturday by 5 to 2.

Playing on the team are: Todd Jolley, Paul Jolley, Scott Newkirk, Bud Vance, Rod Wilcox, Todd Wilcox, Rodney Triplett, Rob Bulla, Greg Cates, John Bruffett, Tom Robinson, Pike Martin, Ronnie Wilborn, Craig Flaker, Jason Jones, Randy Stevens, Robbie Trook and Royal Yarbrough.

* * *

MANY APOLOGIES TO Pack 130 for leaving out some of their members in last week's column.

Den 3 leaders are Rita Erdman and Geri Norrod. Boys in the den are: Kevin Erdman, Steve Norrod, Mike Kennon, Mike Baker, Eric Detten, Pat Sparkman and Ronnie Jenson.

Charles Pender is the leader of the Webelos in Den 4. The Webelos are Sam Pender, Dwayne Hollis, Jason Bass, Mike Longhofer, Kevin Smith, John Clark, Mike Celey, Dan Wilsford and Greg Ballard.

* * *

MR. AND MRS. J. E. Cobern of Mt. Pleasant were guests in the Luther Lawless home last weekend. They are the parents of Brenda Lawless.

* * *

GERRY WOODWARD IS home from the hospital, along with her new cast and her crutches. Gerry broke two bones in her foot during a Labor Day tennis match.

Gerry sent word through her substitute, Ellen Hickerson, that she really misses her class of third graders.

Last week as I visited in the Woodward-Hickerson classroom, I found the children putting the finishing touches on their salt maps of California.

Sean Cronan was painting lots of brown mountains, while Don Meier added lavish touches of green paint to his map. Lori Roth used bright orange paint to represent the Mojave Desert.

Jay Edwards said he had learned from their study of California that the state is in need of lots more water. And Danny Bryant told me about the aquaducts which carry water from the reservoirs.

As I entered the room I was greeted by a large bulletin board that said, "Welcome Back", with smaller signs reminding the children to have good manners. One of the signs told the children to, "Be courteous . . . the world needs people who care."

In another corner is a bulletin board to inspire "Creative Writing." There are lots of large, multi-colored paper lollipops containing phrases which help the children make up their own stories. For example, "I bought a magic lollipop and . . ."

After the children finished their salt maps and cleaned up their desks and themselves, they were able to pick out another activity in the room. Holly Hadley used the time to listen to the tape recorder, following the story in her book as she listened. Britt Foster looked at books while Sherri Brooks and George Weed listened to a record.

Karen Graham told me that she had learned to write in cursive writing last week.

When the final bell of the day rang, Gina Byrom was caught by surprise — she informed me that she had really had fun and that the day had gone by "super fast."

And in my book, that's probably the best compliment a third grader could give her teacher and her school.

* * *

ROOM REPRESENTATIVE CO-CHAIRMEN, Marion Marris and Georgia Sorrells, have scheduled a meeting for Gene Howe room mothers in the school cafeteria on Wednesday, September 24 at 2:30.

Serving as homeroom mothers this year will be: Mrs. Wayne Finn, Christy Horton, Judy Taylor, Flonnie Bryant, Linda Robinson, Annette McDaniel, Carolyn Block, Virginia Winters, Linda Thomas, Mrs. Franklin Henwood, Gayle Betty, Pat Meier, Peggy Stewart, Katie Rinne, Carolyn Bostick, Shirley Cates, Diana Wardlow, Mrs. Jarriel Moore, Charlie Bennett, Carolyn Davis, Janet Mester, Sylvia Wilson and Chris Yarbrough.

* * *

DON'T FAIL TO read the bulletin brought home by your child concerning the Community Education Fall Program offered by the Canyon Independent School District.

Classes offered at Gene Howe will be: Beginning French, Intermediate Guitar, Sewing Men's Wear and Knits, Arts and Crafts, Basic Water Color Painting and Exercise for Women.

World Peace Day
Sept. 21

Canyon High School's OEA chapter officers have been elected for the school year. Those to serve are, seated, l-r, Diane Rawling, historian; Jeannie Hager, treasurer; and Doris Brazil, president. Standing, l-r, are Linda Hartman, secretary; Sarah Hicks, assistant treasurer; and Kim Bowers, vice-president.

Former Residents Announce Birth

Mr. and Mrs. Gary Murphree of 9935 Miller Road in Dallas announce the August 28 birth of a daughter, Jennifer Noelle, who weighed 7 pounds, 14½ ounces and measured 21 inches at birth in Presbyterian Hospital of Dallas.

The Murphrees are former residents of Canyon where she was employed as a secretary at First Baptist Church for almost two years. Her husband graduated from West Texas State University in May 1973 and is now employed as a computer programmer with Dallas Power and Light Company.

Grandparents of the new arrival are Mr. and Mrs. Ray Murphree of Tucumcari, New Mexico and Mr. and Mrs. R. J. Renner, Jr., of Friona. Great-grandparents are Mr. and Mrs. R. J. Renner, Sr. of Friona and Mrs. Lela Gulley of Bentonville, Arkansas.

Officers Elected By Senior Citizens

E. R. 'Dutch' Cleavinger was re-elected as the president of Canyon Senior Citizens Association at the group's election meeting Thursday evening at Canyon Community Center.

Other officers elected were Hubert Thompson, vice president; Susie Conatser, secretary; Wendy Miller, treasurer; and Martha Goodman, publicity.

The election meeting was followed with the potluck supper session. The members of the organization of Senior Citizens are presently working to remodel their new homesite in the basement of the building at 1719 5th Avenue. Anyone interested may help the workers with their project.

Meats Program For Consumers On September 24

Randall County's consumers are invited for a Fiesta Foods program to be held Wednesday afternoon, Sept. 24, in the Farm Bureau Building at Canyon beginning at 1:30 p.m.

The two hour program will feature Dr. Frank Orts, Texas Agricultural Extension Service meat specialist, and Jayne Hager, merchandising home economist with the National Livestock and Meat Board.

Dr. Orts will give information on selections, pricing and understanding the beef animal. Miss Hager will demonstrate getting the most from your beef dollar through the preparation of meat dishes at the program.

The Towne Shop Has

GOTCHA COVERED

Join The Club!

We are now organizing our Towne Shop Gotcha Covered Club for all those who wear Gotcha Covered Jeans and Gotcha Covered Up Shirts. There will be no meetings to attend, no committees appointed, just the fun and good looks of wearing Gotcha Covered. To join simply buy 2 pair of Gotcha Covereds — we'll give you — free — a Gotcha Covered Tote Bag (plain or pre washed) and a membership card in our GC Club. Each time you buy a pair of GC Jeans or GCU Shirt, we'll validate your membership card and when you've purchased 6 pair of GC or 6 GCU you'll receive the 7th pair free. This way you'll have a whole weeks worth of Gotcha Covered and you deserve a pair for everyday.

Weekend Travel Plan:

60% Savings on out-of-state Long Distance Calls.

Travel by Long Distance this weekend and save. When you call out of state the One-Plus way on weekends (all Saturday and Sunday until 5 p.m.) you save 60 percent over the day rate. These savings are also in effect every night from 11 p.m. to 8 a.m. And when you travel to another state by Long Distance you can afford to stay awhile. Additional minutes always cost less than the first. Have a good trip.

Where One-Plus dialing isn't available, One-Plus rates apply on station calls. If you dial direct and reach a wrong number, call the operator. You won't be charged.

One-Plus Discount Rate Periods

	MON	TUES	WED	THUR	FRI	SAT	SUN
8:00 AM to 5:00 PM	Day Rate Period FULL RATE						
5:00 PM to 11:00 PM	Evening Rate Period 35% Discount						Eve 35%
11:00 PM to 8:00 AM	Night & Weekend Rate Period 60% Discount						

Want to know more ways to save on out-of-state Long Distance calls? Return this coupon and we'll send you a free calling guide

Two new Canyon Police officers began patrol duty recently. James Farren, left, and Ron McMullen, right, both came from Amarillo. The police officers will begin police academy training Sept. 29 at Amarillo College.

Townsend's History Displayed

The West Texas State University library is featuring a "display case history" on Dr. Charles Townsend, WTSU professor of history.

Dr. Townsend is also a well-known rodeo announcer, rodeo performer and a 1974 recipient of a Grammy award in recognition of his contribution to western music through his booklet that accompanied the United Artist release "For the Last Time, Bob Wills and his Texas Playboys." Dr. Townsend's biography, "San Antonio Rose: Life and Music of Bob Wills," will be published in 1976 by the University of Illinois Press.

The display, located on the first floor of the Cornette Library, is designed to call attention to the literary accomplishments of West Texas State faculty members and students.

Delpha Gard, the associate librarian, said, "Part of the library's function on a university campus is to be aware of extraordinary achievements of the faculty and students and to highlight those achievements."

Featured in the display case is a collection of Bob Wills memorabilia owned by Dr. Townsend. These items include a photograph of Wills, an album by Bob Wills and his Texas Playboys, an advertisement of a Wills movie, an article from "Ranchman" magazine about Bob Wills and an official Hall County Bob Wills coin set. Highlighting Dr. Townsend's career is an excerpt from his book and a magazine article on his history as a rodeo performer, announcer and Bob Wills fan. Also in the display case is Townsend's Grammy award and his 1975 Western Heritage Wrangler Award from the National Cowboy Hall of Fame and Western Heritage for outstanding contribution to Western music.

The displays were initially begun in spring 1975. Previous displays include the WTSU English Department and the Panhandle's Bicentennial heritage which focused on Dr. Fredrick Rathjen's book, "The Texas Panhandle Frontier." The features are to be continued at Cornette Library indefinitely and future display plans include concentration on the Bicentennial Ball in October to kick off the Panhandle-Plains Historical Museum's "Museum Week."

Palo Duro MIL Club Has Meet

The Palo Duro Mother-in-Law Club met Friday, Sept. 12, in the home of Mrs. M. J. Nole.

Mrs. Gladys Haines, president of the club presided over the meeting. Mrs. Joe Crawford led the group in the club's prayer.

Refreshments were served to Mesdames J. P. Hammonds, Jewel Marshal, Doris Gillham, Joe Crawford, Mae Johnston, Ula Meyers, Etta Hubbard, Ray M. Walters, Gladys Haines, Mamie Hilgenfeld, and M. J. Nole.

Fall Is In The Air

By DORIS MCKEE

FALL IS REALLY in the air and if you don't believe it just listen. There was the pitter-patter of rain on the roof this past weekend, along with a nice strong northerly wind. So believe it or not you can really feel the change coming on.

* * *

THIS IS THE week all the kids have been waiting for. So get out your money, put on some warm clothing, be sure to take a rain coat, and take in the Tri-State Fair.

It has been ages since my family had been able to attend on the first day, but this year we were right there with all those other thousands seeing and doing. Hope you folks will take it in at least one night — it's a thrilling experience!

* * *

SUNDAY, SEPTEMBER 14th was the official beginning of the Kid's, Inc. football games. All those guys really get out there and play their hearts out, so every chance you get, go out and back a team.

Mickey Bays, son of Larry and Carolyn Bays, plays on the Gene Howe 5th grade team. On Sunday, they played South Georgia and played to an 0 to 0 tie.

Haven't located any boys here in the park that play for the 4th grade, but did come up with some cheerleaders. Kathie Rinne, daughter of Albert and Katie Rinne and Marcie Weeter, daughter of Larry and Norma Weeter, are right out front cheering the 4th grade on to victory.

The 6th grade team played their first game on Sunday. They played South Georgia and beat them 6 to 0. Our son Tod McKee plays center for this team.

Play your very best boys, but remember it's not if you win, but how you win and sportsmanship is the issue.

* * *

TALKED TO FAYE Risner and learned she, Peck and her father, C. A. Dodson, went to Marietta, Oklahoma recently. They visited their son, James, Jr., and family — Lee, Heather and April.

They also tried their hand at fishing but seems the fish had other ideas. Faye said they had a very good time and always enjoy being with the granddaughters.

* * *

RUBY HUDDLESTON CERTAINLY enjoyed her sister, Romona Lilly of Denver, Colorado being with her all week.

* * *

I WAS IN the rental office last week, trying to hold things together.

* * *

ALBERT, KATIE, DAVIA and Kathie Rinne went to Slaton last week to attend the funeral services of Mrs. M. F. Hancock, Katie's grandmother. Sympathies are extended to them.

* * *

WE ALSO WANT to extend sympathies to Earl and Betty Hunt. Earl's uncle, Monte R. Collins of Amarillo, died last week. The funeral was at Boxwell Brothers Ivy Chapel, with burial in Memorial Park Cemetery.

* * *

CALLED WANDA COFFELT to see how things were at their place. She said they were just staying busy running the kids to and from school activities. Also she and Thomas had been working around the place doing some painting and getting ready for winter time.

* * *

SPEAKING OF WINTER time would like very much to say check those water lines and get those heat tapes on and ready. Also check out those heating units and make sure they are working properly, and remember to keep some bottles of water stored at all times.

* * *

CALLED EUNICE RINEHART a few days ago to see what the heck that 'for sale' sign in front of their place meant.

Seems she and Barney decided to see if they can sell out, lot, trailer and all. They were the first to buy and set up here in ownersville.

* * *

SEEMS SHARON AND Roscoe Shipley have been to Plainview the last couple of weekends. They have been visiting their parents. Sharon's parents are Mr. and Mrs. J. R. Hancock and Roscoe's are Mr. and Mrs. W. J. Shipley.

* * *

HUGH (UNCLE SKINNY) Rowley went home to Hooker, Oklahoma this weekend. Seems his son, Clayton, had been released from the VA hospital in Denver and returned to Hooker toward the end of the week.

* * *

NOTICED A NEW small Ford pickup with camper shell running around the park. It belongs to Mr. and Mrs. Brad Stewart at 130 Siesta.

* * *

SEEMS PAT AND Tex Reed lost their houseguest this weekend. Pat's son and daughter-in-law, Skip and Donna Bowes, found an apartment and moved into it on Saturday.

Also learned that on Labor Day the Reeds had a cookout and made a couple of freezers of ice cream. Along with Skip and Donna the evening guest list was shared with Dale, Pearl and Dusty West. Everyone had a very enjoyable time.

* * *

TALKED TO CAROLYN Bays and learned that she, Larry, Mickey and Cecilia went to Hale Center a few weeks back and visited Carolyn's brother, Richard and Lorene Belyer and family.

On Labor Day the Bays family drove over to Lake Meredith for an outing.

* * *

CALLED JEAN MAYFIELD to see what the latest was around their place. A couple of weeks ago she and Phil took daughter, Teri, to Lubbock where they enrolled her in Heritage Hall, a private school, where she will go this year.

She is living with the Carlos Dupler family in Lubbock. Also that weekend Jean, Phil and Teri spent some time at White River, boating and fishing.

This past weekend Phil's parents, Mr. and Mrs. H. B. Mayfield of Elk City, Oklahoma, and Phil's sister and her husband, Mr. and Mrs. A. T. Jones and their daughters, Amy and Cindy, who live on a farm just out of Elk City came for a visit.

Jean said it has been rainy everytime Phil's folks have been here and this weekend was no exception. I asked Jean how her garden was doing and she had just pulled her carrots and canned them, also pulled the onions and dug the potatoes. Said she had had a good garden this year, and it wasn't thru yet.

* * *

JEAN MAYFIELD IS bowling on a league Tuesday mornings which started a few weeks back. There are four ladies on the team, they are Jean, Betty Thompson, Evelyn Tolbert (Siesta) and Wanda. Their sponsor is Micro Chemical Company of Canyon.

Oh yes, it seems Evelyn bowled a 657 scratch a couple of weeks back. This is truly a great accomplishment.

Jean also told me that she and Phil are bowling on a mixed couples team on Monday nights.

Would like to mention that Jean and Betty Thompson bowled on a summer league, Womens Duo, and they took first place in it. Keep up the good work.

* * *

HAVE SOME NEW people in the park that we'd like to say welcome to:

Jim and Bernice Norton at 235 La Fiesta; Curtis and Kay Allums and family at 207 La Fiesta; Voile and Fran Whirley and family at 203 LaFiesta; Richard and Debra Evans and family at 139 Siesta; Bruce and Celia Tidmore at 238 Loma Linda; C. J. and Brenda Strayhorn and family at 246 La Fiesta; Phillip Palmer at 216 Loma Linda; and, Phillip Messer at 259 Loma Linda.

We hope each and everyone of you will be happy here at Siesta.

* * *

GUESS IT'S TIME to say Adios for this week, but will be back next week, so Keep on Reading.

Thought for this week, "Make sure you set a good example, then your followers won't go wrong."

See ya.

Doris McKee
355-4133

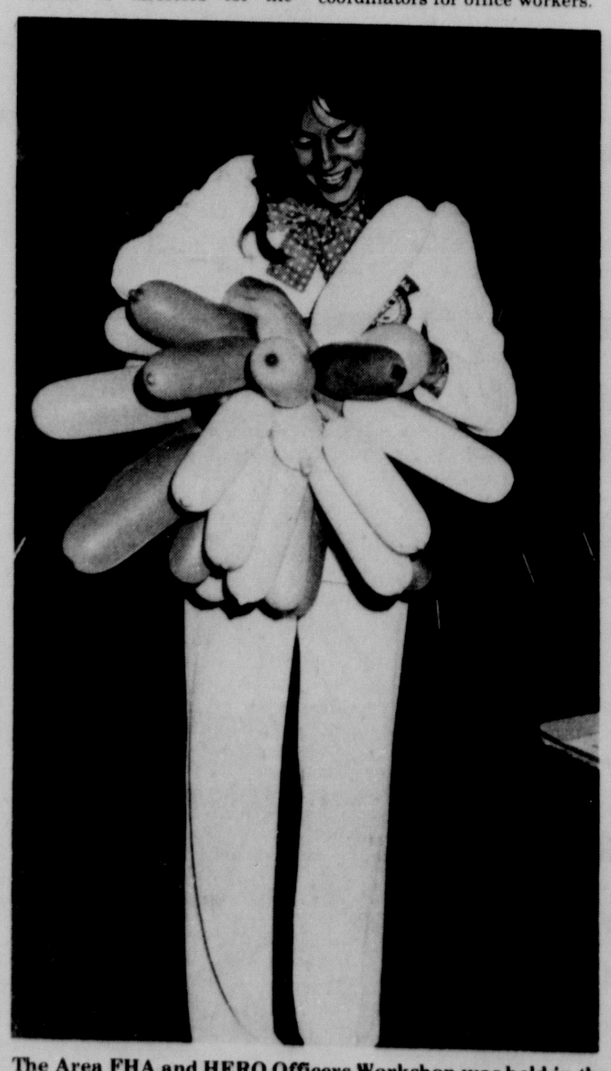
Meals On Wheels Service Sets Annual Meet Sunday

The annual meeting for Meals on Wheels in Canyon has been set for 3 p.m. Sunday afternoon, Sept. 21, in Community Rooms A & B at the First Presbyterian Church of Canyon.

The annual meeting will be devoted to election of members to a board of directors for 1975-76 service, a review of the service organization's by-laws, and service reports covering the past year's activities.

Board of directors for the Meals on Wheels during the past year included Dr. Ruth Lowes, president; Dr. Jim Underwood, vice-president; Lynn Melber, secretary; and Betty Markham, treasurer.

Coordinators for the past year were Frances Yows, food services; Evelyn Frieze, interviews; Betty Rathjen, drivers; Mrs. L. S. Johnston, emergency drivers; and Mattie Sue Howell and Rose Kinzer, coordinators for office workers.



The Area FHA and HERO Officers Workshop was held in the Canyon Junior High cafeteria Tuesday. Over 200 students participated from 12 counties in the Panhandle area. Pictured is Sharon Lindemann from Canyon and the area's fourth vice-president.

Happy News

Roping Events This Weekend

By MARY NEAL HENRY

THE SIXTH ANNUAL Wesley-Sims Memorial Roping, Barbecue and Art Show is this Saturday and Sunday at the Happy Rodeo Arena just southwest of the city limits of Happy. A GRA Open Barrel Race has been added this year and will feature twenty top barrel racers. It will begin Saturday morning at ten o'clock.

Forty of the World's best professional calf ropers will be introduced at twelve noon at the Happy Rodeo Arena. The roping will begin about 1:30 p.m. for a $5000 jackpot.

Forty eight of the World's best professional steer ropers will be introduced Saturday evening at 6:30 p.m. at 102 Main Street.

At nine o'clock on Saturday evening, Tex Rhodes and his "Sound Express" will play for a western dance in the Happy Jaycee Hall.

Sunday NOON, old fashioned barbecue will be served at the rodeo arena by members of the Happy Rodeo Association.

Steer Roping will begin at two o'clock Sunday afternoon. They will rope for a $20,000 jackpot.

Advance tickets are on sale for five dollars. This admits you to both ropings on both afternoons and entitles you to eat barbecue on Sunday. Purchased separately, tickets sell for two dollars on Saturday, three dollars on Sunday and barbecue for two dollars a plate.

All adults in attendance on Sunday are eligible for a free trip to the R. C. A. National Finals Rodeo in Oklahoma City on December 6 and 7.

The Art Show will be open both Saturday and Sunday and will be held in the same building as the post office in Happy is located. Western Art is featured at this show. There is no admission.

Make your plans to see us in Happy this week end.

* * *

HAPPY COWBOYS LOST their game last Friday night thirteen to eighteen because of a fumble near the opponents' goal line. Happy Cowboys did gain more yardage than the Bovina Mustangs.

Terry McDonald scored the first touchdown, but the attempt for the extra point failed. Vincent Ray Venhaus scampered across the goal line for the second touchdown and Terry McDonald kicked the extra point.

The game was played in a steady drizzle of rain and on an already wet playing field. The pigskin was very difficult to control. Happy Cowboys played a good game . . . just not quite good enough against the seniors of Bovina.

* * *

GUY, FAYE AND Walter Via and their Guy Walt, Becky and Joe Bob with a friend attended the RCA rodeo in Abilene last week end. Gary Via and his family met them there. The Vias saw Ken Henry ride and visited a short time with him.

* * *

MR. AND MRS. O. K. McDonald are both in St. Anthony's Hospital. Mrs. McDonald is reported doing well. Tests are still being taken to determine Mr. McDonald's condition.

* * *

MRS. LILLIAN BURROWS, 62, was found dead at her home in Happy Wednesday of last week, September 10. Services were held in Tulia on Friday and burial was in San Antonio.

Mrs. Burrows was born in Clarendon. She was a registered nurse and a veteran of World War II. She was married to Lewis Burrows in 1945. Mr. Burrows died in 1970. Lillian Burrows had lived in Happy for the past two years.

Survivors include her mother, Mrs. Lela Castleberry of Happy; one sister, Mrs. Don (Loraine) Foster of Happy and one brother, R. D. Castleberry of National City, California.

* * *

PHYLLIS BRADLEY VISITED in Happy during the week end while Melvin was at an insurance meeting. She has a new poodle about six inches high (and about that wide.)

* * *

LEONA AND MERL McFarland recently traveled to Dallas to visit their granddaughter and grandson-in-law, Donna and Gary Collins. While there, Leona picked up several bolts of double knit and is passing the savings on to her customers.

* * *

MR. AND MRS. Henry McPherson, newlyweds, are at home in their new home on Main Street. We wish them every happiness.

* * *

THANKS TO WTSU the barrel racing clinic was held as scheduled last week end. Because of the weather, it was held at the Indoor-Outdoor WTSU arena in Canyon.

Bob and Randy Lewis of Sulphur, Oklahoma, presented instruction to Debbie Magness, Valerie Tipps, Cathy Tucker, Melissa Null, Judy Coombs, Mandi Shipman, Jacinda and Jeana Stockett, and Darla and Amelia Watson.

* * *

VALERIE TIPPS PLACED in the recent Palo Duro Tri-State Rodeo at the Will Rogers Range Riders Arena in Amarillo.

* * *

HAPPY COWBELLES HELD their August meeting at Nora Taylor's home with Judy Thompson, Nell Sims and Ruth Sims serving as co-hostesses. Refreshments of cake and coffee were served.

Reports of the Mid-Year Meeting of American National CowBelles in Denver were given by Willie Butler and Mary Neal Henry. A report of Happy CowBelles winning first in the parade floats of the Swisher County Celebration (and being rained on) was given by Modenia Rahlfs. Plans were also made to rebuild the float.

Mary Neal Henry will be attending a National Executive Meeting in Denver on September 26th.

Mrs. Joyce Wheat was the hostess for the September meeting of the Happy CowBelles. Willa Elliott and Pat Hargrave were co-hostesses.

Fresh fruit, cantaloupe, rolls, coffee and tea were served to LaNelle Todd, Vivian Woods, Othella McGehee, Mary Neal Henry, Vera Eubanks, Joan Reynolds, Doris Foster, Bernice Hamblen, Ruth Sims, Nora Taylor, Delores Wilhelm, Judy and Jo Beth Thompson, Nell Sims, Eron Jennings, Ora Cox, Myra Nell Culp, Willie Butler, Leona McFarland, Doll Edmonds, Ruby Vise, Modenia Rahlfs, and Belinda Goode.

A thank you was read from George and Modenia Rahlfs for the Beef Gift Certificates given them in appreciation for their time and energy donated to the float project. The steaks cooked on the float were given to the mayor of Happy, Dick Railsback.

Happy CowBelles auctioned a roast during the Happy Days Celebration. It was purchased by the Lone Star Feed Lot Manager, Lee Hicks, and later donated to the Senior Citizens of Happy for their next luncheon.

Nell Sims reported on the dart board throw at the Happy Days Celebration. Thirty six Beef Gift Certificates were given away. Happy CowBelles thank Bob Hargrave for painting the steer carcass and labeling it on the background of the dart throw.

Plans were made for the Swisher County Fair and the Tri-State Fair.

Judy Thompson reported on the Installation banquet to be held on November 12th at 11:30 a.m. Reservations will be turned in at the next meeting.

Judy Thompson has purchased two Beef Gift Certificates to be given away at the Wesley-Sims Memorial Roping for the calf roper and the steer roper with the longest times. (Consolation prize.)

* * *

NORA AND DEE Taylor were privileged to become acquainted with Mr. and Mrs. Leon Miller new owners of the Lone Star Feed Yard, recently when both were traveling in East Texas.

* * *

SWISHER COUNTY FAIR had "fair weather" last week end (rainy and cold) but a good crowd attended. Happy 4-H won sixth with their Fair Educational Exhibit. Union-Salem Home Demonstration Club (just north of me) won second.

* * *

RUBY VISE WAS Happy CowBelle Chairman of the Swisher County Fair Booth. Happy and Terra Cotta CowBelles joined together to give away over four hundred Swedish Meat Balls Novalene Toles's prize winning recipe (and these were also made by Novalene) and six roasts cooked in the fair booth on a rotisseriere. Ruby Vise, Doll Edmonds, Modenia Rahlfs, LaNelle Todd, Mary Neal Henry, Elen Pearl Avent and Mary Darnell decorated the booth on Thursday.

Many CowBelles from both organizations worked throughout the next two days to advertise Beef. The first roast was won by Frances Dowlen of Amarillo, a member of the Amarillo Garden Club, who helped judge the flower show. Another roast was won by Sam Cobb of Texas Tech, Sam was one of the livestock judges and he secured bread and beans etc., to go with the roasts and several sat down to lunch on Saturday. Other winners included Boy Young, Mrs. David Armontrout, Dennis Wilke and Katy Montandon.

Tommy Womack and Bobley Thomason purchased the two roasts that were auctioned off for the 4-H donation.

Happy CowBelles, one of eight locals collaborating on the Tri-State Fair, worked on Wednesday until four o'clock. Happy CowBelles thank Ideal Food Store and Sexton Grocery for the donation of beef cooked and given away in samples during that time.
